\*\*Rubber suction cup can be purchase additionally

### HOW TO SET UP AUTOSTOP MINI PLUS IN 3 EASY STEPS

#### STEP 1

Attach Mini Plus to the dashboard, centre console or passenger seat so that the buttons and screen are clearly visible.

#### STEP 2

Turn on Mini Plus, accelerate the vehicle to the desired test speed (35km/hr) and apply the brakes until the vehicle is stationary.

#### STEP 3

After the vehicle has come to a stop Mini Plus evaluates, and displays forward, sideways, and vertical deceleration, distance to stop and lateral deviation within the lane
