

AUTO TEST® Ultimate Roadworthy Kit

The Ultimate Roadworthy Kit includes essential tools for vehicle safety checks: the Workshop Pro for brake testing, the AutoLight Magnetic Window Tint Meter for tint measurement, and the Headlight Aligner for precise headlight alignment. Perfect for roadworthy inspections.

Workshop Pro is suitable for:

Light & 4WD
Vehicles

Forklifts

Airport
Vehicles

Farming &
Agriculture Vehicles

THE KITS INCLUDES

AutoTest® Workshop Pro 10

This 10" tablet functions as a brake tester and workshop maintenance tool, integrating with government reporting apps in QLD, VIC, NT, and WA. It meets roadworthy regulations across QLD, VIC, NT, WA and SA with ACT and NSW requiring a Pedal Effort Sensor for compliance.

Calibration interval: 12 months

AutoLight® Magnetic

This hands-free light transmissibility meter enables users to measure glass transmissibility without holding the device. Built-in magnets ensure fast and precise alignment. In some regions, inspectors must photograph each test, making this meter a convenient and compliant solution.

Calibration interval: 12 months

AutoTest® Headlight Align

This headlight aimer is a professional quality beam aligner suitable for all kinds of headlamps (high, low, fog including XENON and LED lamps). It is supplied with assembly, operation and calibration manuals and declaration of conformity.

Calibration interval: 24 months

AutoTest® Workshop Pro 10

An efficient diagnostic and compliance tool, designed to test service and emergency brakes in passenger cars, light and heavy goods vehicles, buses, light and heavy rail vehicles and transit vehicles.

- Compliant with roadworthy regulations around Australia
- Calibration that is internationally traceable through NATA (accreditation #20559)
- 24 month calibration interval
- Calculates and displays average/peak deceleration, stopping distance, test speed and pedal effort
- Optional Bluetooth or USB connection to your PC
- Uses AutoTest Standard Paper Pack

AutoLight® Magnetic

A Tint Tester that measures the level of light transmitted through a tinted window to determine its safety level. Built-in magnets ensure a hands free, fast and precise alignment.

- Easy to use tint meter
- Single button operation
- Compliant with roadworthy regulations
- Hands free operation

AutoTest® Headlight Align

A professional quality beam aimer suitable for all kinds of headlamps (high, low, fog, including XENON and LED lamps). It is supplied with assembly, operation and calibration manuals and declaration of conformity.

- Robust anti-tip base fitted with large castors for easy manoeuvring
- Laser pointer for easy positioning of the unit
- Digital lux meter and wide measuring window
- Manual optic alignment visor for easy parallel alignment
- Easy-to-use height adjustment lock mechanism
